Title: 'Reset App State' action fails to revert product buttons to 'Add to cart'

Module: Inventory / Sidebar Functionality

Environment: Windows 11, Chrome, <https://www.saucedemo.com/inventory.html>

Severity: Major **Priority:** High

Precondition

- User is logged into the application with a valid account.
- User must have one or more items in the cart (Cart badge is visible).
- User is on the Inventory page.

Steps to Reproduce

1. Navigate to the Inventory page.
2. Add 1 or 2 items to the cart.
3. Open the hamburger sidebar menu.
4. Click on the 'Reset App State' option.

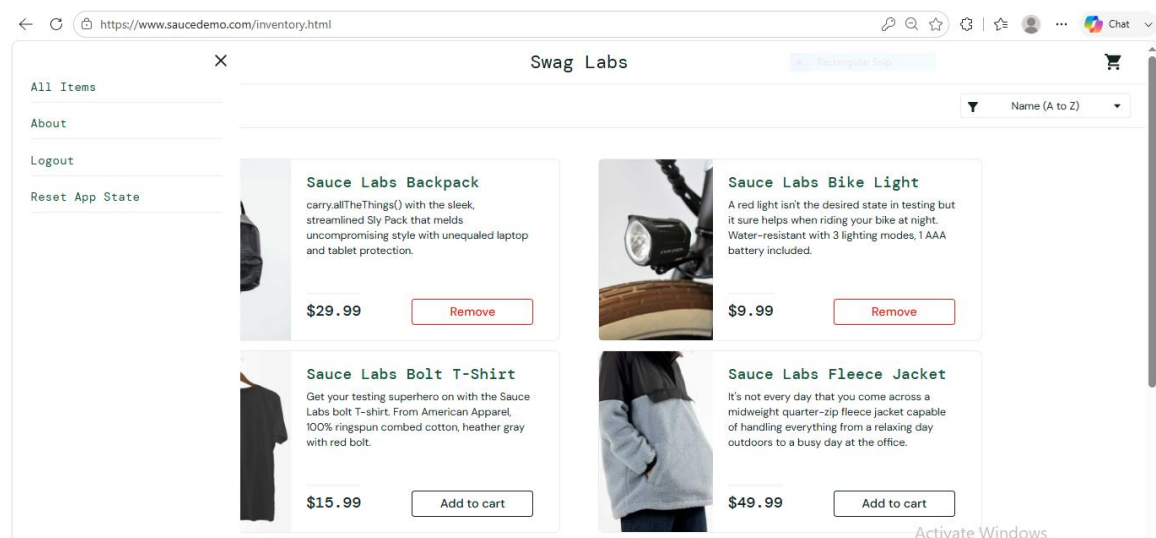

Expected Result

- The shopping cart badge must disappear (reset to 0).
- All product buttons on the inventory page must change their text from 'Remove' back to 'Add to cart'.

Actual Result

- The shopping cart badge disappears as expected, but the product buttons remain stuck on 'Remove' and do not revert to 'Add to cart'.

Title: System allows user to navigate to the checkout page with an empty cart

Module: Cart / Checkout Restriction

Environment: Windows 11, Chrome, <https://www.saucedemo.com/cart.html>

Severity: Critical **Priority:** High

Precondition

- User is on the cart page (/cart.html) with an empty cart.

Steps to Reproduce

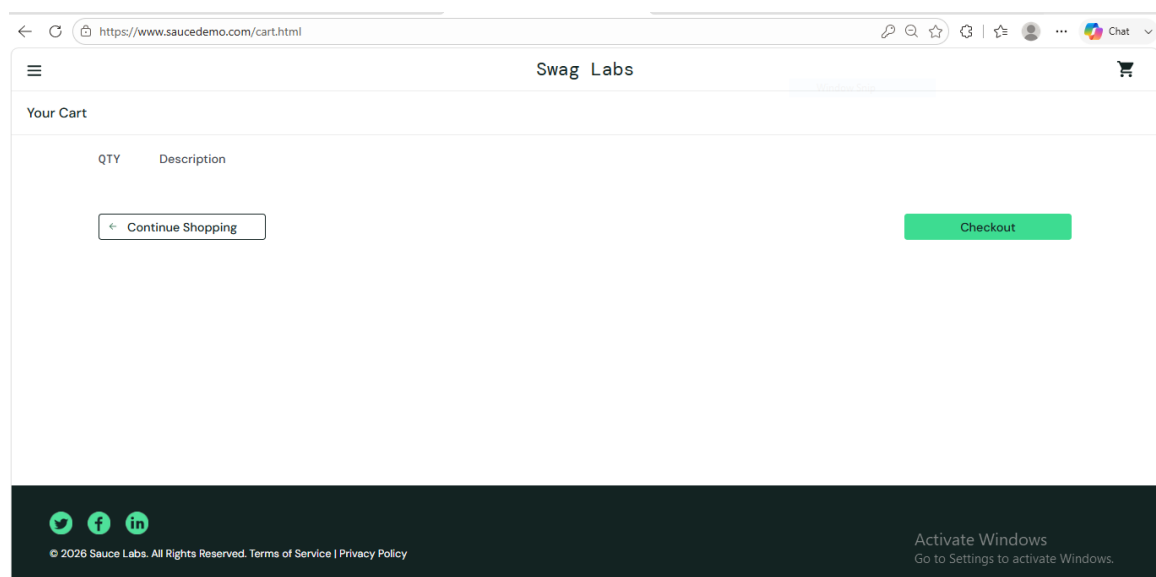

1. Navigate to the cart page with no items in it.
2. Click on the 'Checkout' button.

Expected Result

- Checkout process should be blocked, and an error message should be displayed when the cart is empty.

Actual Result

- System allowed successful navigation to the checkout step one page even with an empty cart.

Title: Zip/Postal Code field lacks validation and accepts invalid text strings

Module: Checkout - Your Information

Environment: Windows 11, Chrome, <https://www.saucedemo.com/checkout-step-one.html>

Severity: Major **Priority:** Medium

Precondition

- User is on the checkout form page.

Steps to Reproduce

1. Enter valid First Name and Last Name.
2. Enter random alphabetical characters (e.g., abcde) into the Zip/Postal Code field.
3. Click 'Continue'.

Expected Result

- System must reject the invalid data and display an 'Invalid Postal Code' validation error.

Actual Result

- System accepted the invalid text string and allowed navigation to the next page anyway.

Attachment

The screenshot shows a web browser window with the URL <https://www.saucedemo.com/checkout-step-one.html>. The page title is "Swag Labs" and the breadcrumb is "Checkout: Your Information". The form contains three input fields: "First Name" with the value "Nirjala", "Last Name" with the value "k.c.", and "Zip/Postal Code" with the value "abcde". At the bottom of the form, there is a "Cancel" button and a green "Continue" button. A Windows watermark is visible in the bottom right corner of the browser window.

Title: No flow guard on checkout step 2—accessible directly via URL bypass

Module: Checkout - Overview Flow

Environment: Windows 11, Chrome, <https://www.saucedemo.com/checkout-step-two.html>

Severity: Critical **Priority:** High

Precondition

- User is logged in but skips checkout step 1.

Steps to Reproduce

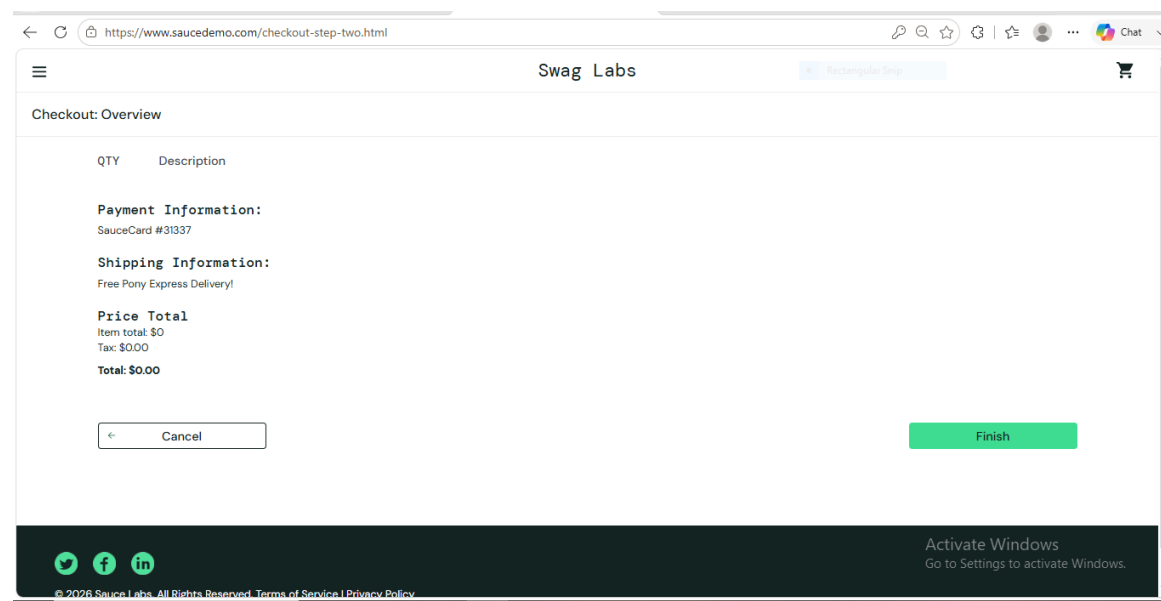

1. Log into the system.
2. Manually change the URL and navigate directly to https://www.saucedemo.com/checkout-step-two.html.

Expected Result

- User should be redirected back or shown a flow restriction error, preventing access to an overview without step 1 details.

Actual Result

- User was able to access the page directly, showing an empty overview screen with no items listed.

Title: Checkout Complete page is accessible directly without placing an order

Module: Checkout - Complete

Environment: Windows 11, Chrome, <https://www.saucedemo.com/checkout-complete.html>

Severity: Critical **Priority:** High

Precondition

- User is logged in but has NOT placed any order.

Steps to Reproduce

1. Log into the system.
2. Manually navigate directly to <https://www.saucedemo.com/checkout-complete.html>.

Expected Result

- Page access should be blocked or show a neutral state, not a fake confirmation message.

Actual Result

- Page displayed the full 'Thank you for your order!' confirmation even though no order was placed.
